

ARE YOU IN COMPLIANCE WITH U-M'S COVID-19 VACCINATION REQUIREMENTS?

To determine if you are in compliance, two questions need to be answered.

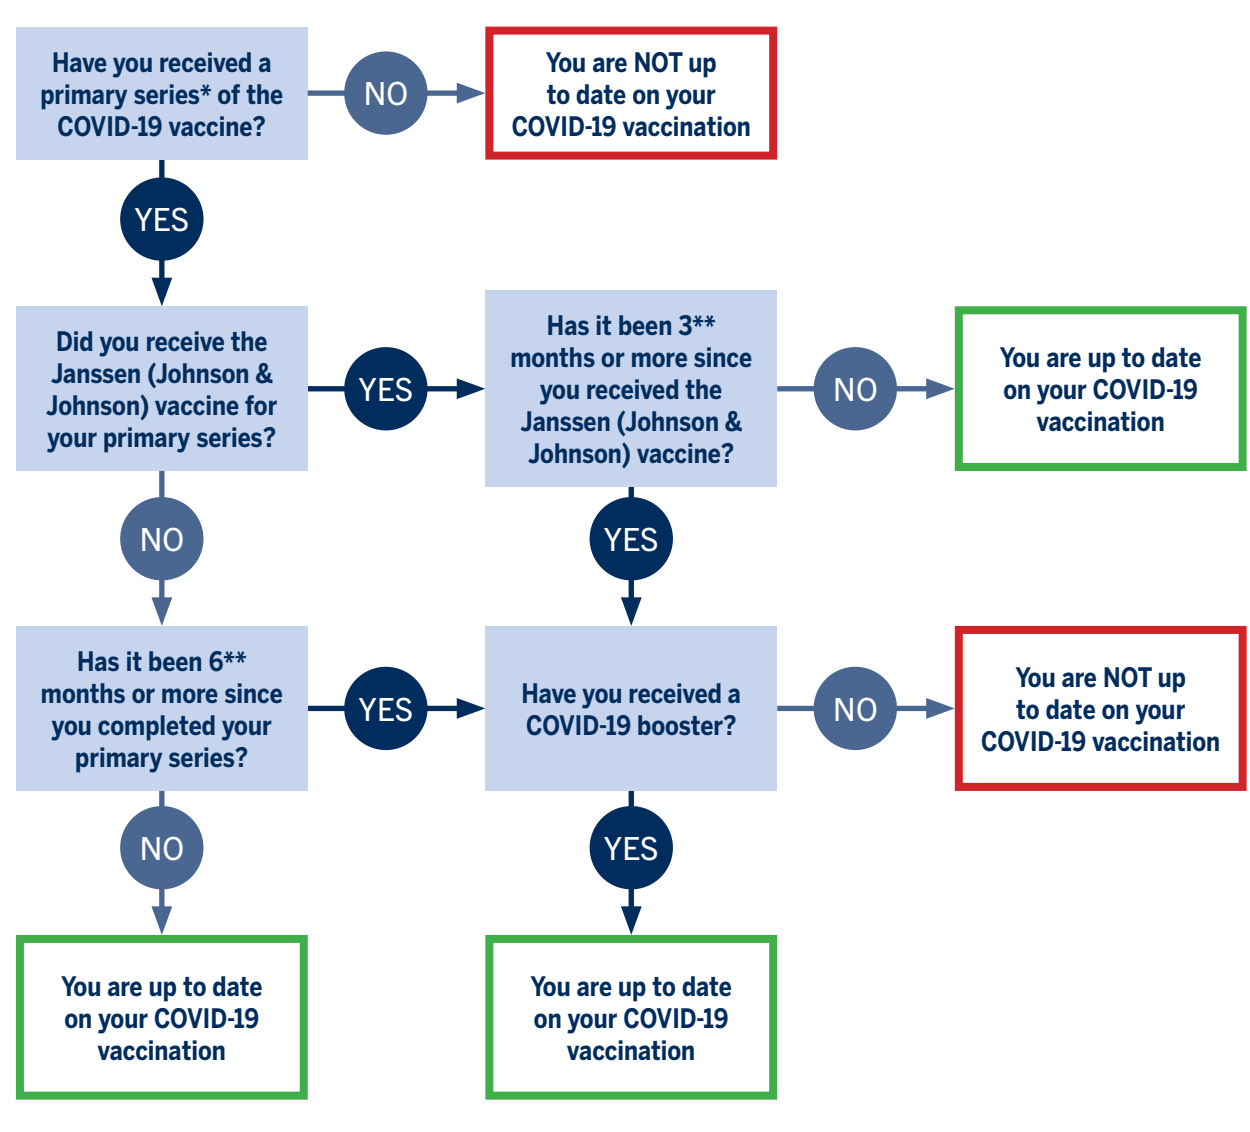

1. First, are you up to date on COVID-19 vaccinations? **(Everyone: See image 1)**
2. Second, are you in compliance with the U-M COVID-19 Vaccination Policy? **(Students: See image 2; Employees: See image 3)**

The decision trees in the images below are intended to guide you through answering these questions. It will be helpful for you to know the dates of all your COVID-19 vaccinations.

Be sure that all your vaccination information and any exemption applications are submitted through [Wolverine Access](#). While your information is under review, you will be considered to be in compliance with U-M COVID-19 Vaccination Policy.

Additional information about COVID-19 vaccinations and definitions can be found through [UHS](#) (students), [OHS](#) (employees) and the [Campus Maize and Blueprint](#) website.

*Primary series refers to one dose of Janssen (Johnson & Johnson) vaccine or two doses of an FDA- or WHO-authorized vaccine or mix-and-match combination (including Pfizer, Moderna, AstraZeneca, Covaxin, Covishield, BIBP/Sinopharm, Sinovac and Novovax/Covovax).

** You are eligible to receive a booster 5 months after you finish your primary series (2 months for Janssen (Johnson & Johnson)). You are required to receive the booster 6 months (3 months for Janssen (Johnson & Johnson) after you finish your primary series to be in compliance with the U-M COVID 19 Vaccination Policy).
